Projects

Run Buddy https://github.com/lacey-griffith/run-buddy | https://lacey-griffith.github.io/run-buddy
- Deployed an engaging landing page to increase sign ups for the Run Buddy program. Implemented interactive map and updated site to improve user experience and mobile responsiveness.
- Directly responsible for getting the project deployed quickly and efficiently while communicating with the client on updates for their new features. **Languages used**: HTML, CSS.

Random Password Generator | github.com/lacey-griffith/friendly-parakeet | lacey-griffith.github.io/friendly-parakeet
- Application allowing users to personalize their randomly generated password based on their selected criteria.
- Succeeded in writing the JavaScript for user interaction, tested and refactored code and deployed the finished project. **Languages used**: HTML, CSS and JavaScript

Experience

Baked 'n Sconed - *Co-Owner* —Hutto, TX   February 2019 - January 2021
- Supervised daily operations while simultaneously leading a team of 4+ employees per shift. Performed hiring, departures and performance evaluations. Supported team by communicating needed improvements, achievements and offering guidance.
- Maintained permits, upheld local and state regulations, prepared financial reports, payroll and operated as point of contact for third-party distributors.
- Managed social media accounts and redesigned website, resulting in increased sales and ability to track usage via Google Analytics. Facilitated wholesale account management including communication with account holders, weekly order status, payment and deployment of invoice process.

Baked 'n Sconed, *Barista/Manager* — Hutto, TX   October 2012 - February 2019

- Successfully developed inventory tracking system to optimize costs and used system to export weekly orders to third-party vendors. Additionally, established and deployed responsibility policies for employees to increase efficiency of individuals as well as teams and the business.
- Surpassed standards set forth by the Food Health and Safety rules regulated by the county and state and executed quality customer service- succeeded in both of these by using preparedness and anticipation.
